formula 108

dry-side stain remover

linden series | clean, soft, fresh textile care

Formula 108 is a volatile dry-side stain remover. Formula 108 flushes solvent-soluble components out of stains. Ideal for touch-up spotting.

directions for use

For "Dry-Side" Spotting 1. Flush the stained area with Formula 108, over nose of spotting board, while using vacuum.
2. When additional dye can no longer be removed, apply Formula 90 and continue working the stain. 3. Rinse with Formula 108 until the stain is gone, allow to dry completely, then dryclean.

For Touch-Up Spotting 1. Apply Formula 108 to stain with cheesecloth or tip of clean, dry spotting brush. 2. Rub lightly with cheesecloth or tamp with brush. 3. Feather the area with cheesecloth dampened with Formula 108. To dry more quickly, use air from spotting gun, and the vacuum of the spotting board.

For "Combination" And Mystery Stains General food stains and unidentified stains often contain both solvent-soluble and water-soluble components

1. Combine two parts Formula 806 pre-spotter and one part Formula 108 in a spotting bottle to create 2-1 formula combination wet/dry spotter

2. Work into stain with a spatula or spotting brush, then flush it and the 2-1 formula from the fabric with water, steam or Formula 108.

For professional dry cleaning or laundry use only.

WARNING

HAZARD STATEMENTS

May cause skin irritation and dryness.

Eye irritant. May cause central nervous system depression.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles, face shield, full suit and boots. Do not breathe mist /vapors /spray. Wash thoroughly after handling.

FIRST AID

Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist.

Skin Contact: Wash skin with copious amount of water. Seek medical attention if symptoms persist. Inhalation: Remove to fresh air. Seek medical attention immediately.

Ingestion: Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

STORAGE

Store in original container protected from sunlight in a well ventilated area, away from incompatible materials, food and drink. Avoid contact with heat, spark or open flame. Keep out of reach of children.

SPILL /LEAK

Avoid runoff into storm sewers and ditches which leads to waterways. Dilute with water and mop up if water soluble or absorb spillage with an inert dry material and place in an appropriate disposal container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.
