clean needs.met.™

linden series combines high-performance with formulations that preserve the soft feel and fresh scent to all fabrics. High tech solutions to common spot and stain problems allow you to get the most use possible from your linens and fabrics.

endure is a concentrated laundry detergent designed for use in high efficiency washers in all water temperatures and conditions. It's formulated with low sudsing emulsifiers, soil suspending agents, alkaline builders and optical brighteners to easily remove and solubilize greasy soils from all natural and synthetic fabrics.

FEATURES

- Formulated with a high concentration of low foaming nonionic emulsifiers, builders soil suspending agents and brighteners makes Endure an effective yet mild product ideally suited for mixed personal clothing in home style washers in on-premise laundries of institutions, hotels and motels.
- Three distinct water conditioners present guarantee product performs equally well even in hard water conditions.
- Optical Brighteners present to renew brightness of whites and colored fabrics.
- Will not harm any water washable fabric.

OPTIMAL APPLICATIONS

Laundries, hotels, motels, health care facilities, nursing homes and restaurants.
