L6190

formula 613™

powdered laundry stain remover

linden series | clean, soft, textile care

formula 613 is a one step stain remover that can be used either to re-claim white linen in the commercial laundry wash wheel or as a pre-soak stain removing activator for difficult-to-remove stains. It'll revitalize your linen and reduce linen replacement costs. When used at a properly controlled rate, Formula 613 does not reduce tensile strength of common fabrics such as cotton, polyester and blends. Formula 613 is not for use on delicate fabrics such as wool and silk.

directions for use

Formula 613 is for industrial use only. As a general guide, use 2 - 3 lbs. of Formula 613 for every 100# textiles. Consult your Santec technical representative for specific use directions.

WARNING

HAZARD STATEMENTS

Causes severe skin burns and eye damage. Fatal if inhaled.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles, face shield, full suit, respirator and boots. Do not breathe dust /mist. Wash thoroughly after handling.

FIRST AID
