TECHNICAL BULLETIN

COLORS OF CLEAN is our line of housekeeping products designed to be easy to use, efficient and safe. From state-of-the-art dispensing solutions to clear, simple color-named packaging, we've created fusion products in ways that make housekeeping a pleasure.

Your pets have noses that are 10 times more sensitive than yours. So if you really care about them, you will use *Slate* to make sure that their house always smells fresh and clean. *Slate* attacks the source of odors in 3 ways: by eating the bacteria that causes the odors (and you thought it was your dog that smelled), chemically isolating the odor molecules and then neutralizing the surfaces and air that the odors once occupied. If the room smells fresh to your pets, you know it will smell like heaven to you.

Features

- Biologically digests urea-forming uric acid salts, proteins, carbohydrates, cellulose, fats, oils and grease.
- Eliminates urine, feces and other body odors and organic stains from carpets, upholstery, other soft surfaces as well as harder surfaces such as tile, grout and cement.
- As a neutral bleach-free product, it's extremely color-safe.
- Excellent for maintaining garbage cans and dumpsters with a fresh smell.

Optimal Applications Car interiors, locker rooms, urine-stained carpets and upholstery, dumpsters, garbage cans, portable toilets, public restrooms, animal cages, fish stores and smoking rooms in motels and hotels.

Ideal for Gyms, hospitals, homes, restrooms, recreational vehicles, waste disposal areas, and wherever malodors - especially urine, fish and nicotine - occur.

green cove™

BIODEGRADABLE, NON-TOXIC, PHOSPHOROUS FREE

Environmentally Preferred Green Cove

products reflect our commitment to protect the environment, operate in a sustainable fashion and deliver products that make a difference for our planet and our customers every day.

Product Specifications

Physical Description	Clear to slightly turbid liquid
Viscosity	Water thin
Color	Tan
Flashpoint	None
Fragrance	Neutroleum type
Weight per Gallon	8.3 lb / gal
pH	6.0 – 8.0
Storage Stability	1 year minimum
D.O.T. Shipping label	None
