

twenty one

heavy-duty foaming alkaline cleaner

resolve series represents a complete kitchen solution. Simple, numerically named, effective dish detergents, degreasers and sanitizers for both manual and automatic cleanup keep your food preparation areas sparkling with minimal effort.

Twenty One is a heavy duty, high foaming alkaline cleaner specifically formulated for cleaning floors, walls, ceilings and food contact equipment in food processing plants. It's formulated to rapidly and effectively clean smokehouses and all difficult-to-remove areas with heavy grease and oil build-up.

features

- Formulation contains high alkalinity and stable surfactants allowing for quick penetration and removal of the most stubborn build-up of greases, oils and even carbonized soils on hard surfaces.
- When used with pressure washers, product produces a remarkably stable, thick and clinging foam resulting in much prolonged contact time even on walls and ceilings.
- Product is versatile as it can be applied both as a manual cleaner and via foam generating pressure washing equipment.
- A highly concentrated product that can be effective even at 1:50 dilutions with water.

Note: Due to highly alkaline nature of formulation, do not use on aluminum, copper, galvanized surfaces, or plastic composition tiles.

optimal applications Meat and poultry plants, restaurants and commercial kitchens.

ideal for Meat and poultry processing plants, bakeries, dairy and egg farms, nursing homes, hospitals, eating and drinking establishments.
